

GIANT

Credit Suisse Asian Investment Conference 2008

**Eric He, Chief Financial Officer
April 2008**

Safe Harbor Statement

This presentation does not constitute an offer to sell or issue or the solicitation of an offer to buy or acquire securities of Giant Interactive Group Inc. ("Giant" or the "Company") in any jurisdiction or an inducement to enter into investment activity, nor may it or any part of it form the basis of or be relied on in connection with any contract or commitment whatsoever. Specifically, this presentation does not constitute a "prospectus" within the meaning of the U.S. Securities Act of 1933, as amended. The Company has filed a registration statement (including a prospectus) with the United States Securities and Exchange Commission for the securities to be offered in the United States. Any public offering of the securities to be made in the United States will be made solely by means of the prospectus in the registration statement. Any decision to purchase securities in the proposed offering should be made solely on the basis of the information contained in the statutory prospectus in due course in relation to the proposed offering.

This presentation has been prepared by the Company solely for use at the roadshow presentation held in connection with the proposed offering. The information contained in this presentation has not been independently verified. No representation, warranty or undertaking, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or the opinions contained herein. None of the Company or any of its affiliates, advisors or representatives will be liable (in negligence or otherwise) for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection with the presentation.

This presentation contains statements that constitute forward-looking statements. These statements include descriptions regarding the intent, belief or current expectations of the Company or its officers with respect to the consolidated results of operations and financial condition of the Company. These statements can be recognized by the use of words such as "expects," "plans," "will," "estimates," "projects," "intends," or words of similar meaning. Such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and actual results may differ from those in the forward-looking statements as a result of various factors and assumptions. The Company has no obligation and does not undertake to revise forward-looking statements to reflect future events or circumstances.

The slides used in this presentation are strictly confidential. By attending this presentation, participants agree not to remove this document, or any materials provided in connection herewith, from the conference room where such documents are provided. Participants agree further not to photograph, copy or otherwise reproduce these materials in any form or pass on these materials to any other person for any purpose, during the presentation or while in the conference room. Participants must return this presentation and all other materials provided in connection herewith to the Company at the completion of the presentation.

Myths of the Online Game Industry & of Giant Interactive

Dispelling 3 Common Myths

1

The success of an online game is purely hit or miss

2

**Product diversification lowers risk
Focused strategy raises risk**

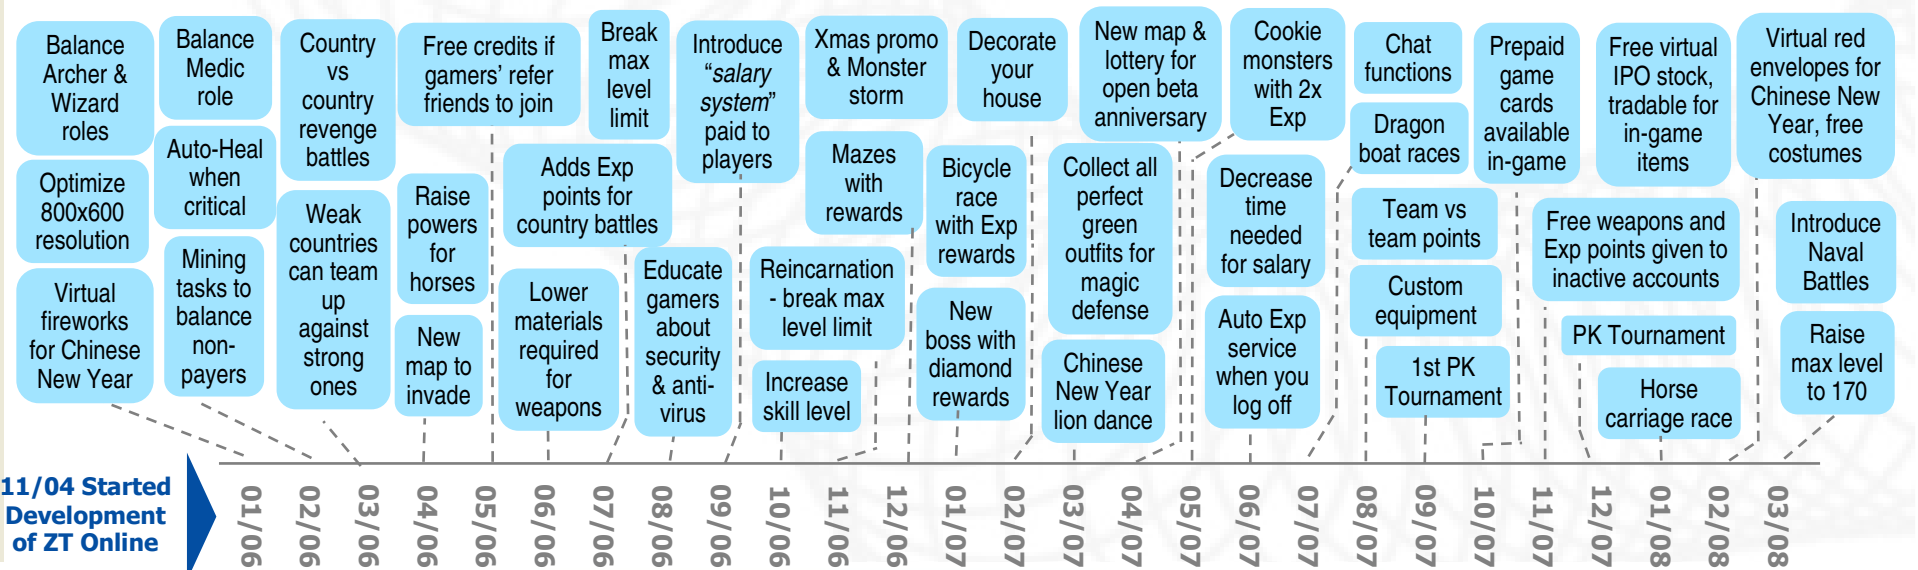

3

**3D graphics are vital for success
2D games cannot compete in China**

Myth 1: Game Success is Hit or Miss by Nature

Case Study: ZT Online's Continuous Development and Success

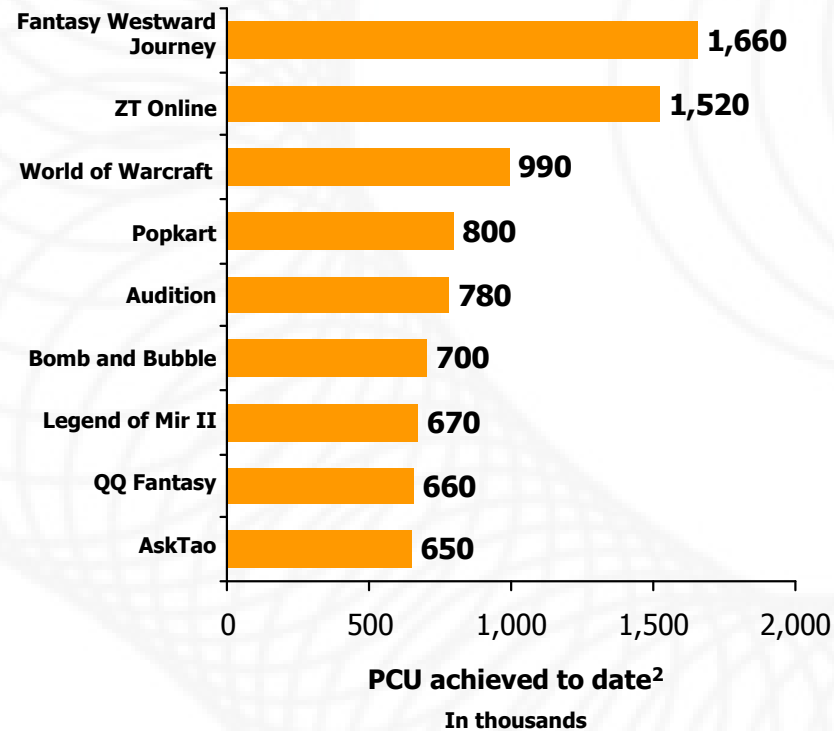

11/04 Started Development of ZT Online

Myth 2: Focused Strategy Raises Risk

In 2007, over 350 online games were released in China¹.

Most fail. So the larger the in-game community, the more likely an online game will succeed.
